LIME IS THE NEW BLACK!!!

Welcome to the first edition of our newsletter under Lime FM. What an exciting change we have had and what wonderful feedback from the Christian community and wider community.

Membership is up, sponsorship is up, volunteers numbers up and the positive letters, emails and call continues.

In fact many are from the wider community from different towns in the region.

The board, staff and volunteers truly believe we are heading in the right direction as we seek to refresh the people from our region with good quality contemporary programming and specialist shows.

We still have so much to do though so keep us in your prayers. I am reminded of the word I had when I

came on-board. That a good name is worth more than gold.

As we lift the reputation and professionalism of this station and brand ourselves effectively, I believe doors are going to open up for this ministry in many areas.

We have had a very busy first half of the year and as we enter the second half, we will continue to build on the foundation we have laid. We have burnt out ships just as Cortez did when he

discovered new lands so there was no double mindedness. The station will go forward and stamp God's authority in this region.

With so many social problems, divorce, economic strains, family breakdowns, suicides and abuse in region today, what better time to bring the refreshing good news of Christ into homes, cars and workplaces. I think of the chorus of a song we play by a band called seabird—"hold on child hold on, the good King is near, so near.

VALENTINES DAY!

'A bit early isn't it' I hear you say. Valentine Chiyambiro is Lime FM's sponsor child from Zimbabwe through station partner World Vision. She is 6 years old and lives with her Grandmother. Our financial support will give her an education, immunizations, HIV/AIDS education, food and construction and maintenance of her home.

If you would like to write to Valentine we can send your letters with ours so send them in. Or why not sponsor a child either individually or through your business with World Vision Australia.

We will publish the letters she writes to us.

CHANGE OVER CONCERT

One June 6th we were blessed to have Australian artist Levi McGrath perform in Mount Gambier again and make us part of his national tour. When we heard he was coming on the day we wanted to change to Lime fm then we decided to merge the events together. Levi got to promote his new album and share about his journey in Uganda as he worked with World vision to help eradicate the child soldier industry.

About 60 people enjoyed a great night of music and ministry in our very green venue. - We had green balloons, green cordial, green lollies and I think Dale Nearmy may have felt a bit green as he performed Christian covers to warm us up.

He did a great job being the warm up act and who knows, he could be the next artists touring!

We hope to have more concerts in the future and seek to bring artists to the region. Hope you can be there and thanks to those who came along and to all the volunteers who helped and the Jubilee Christian Centre for their premises, volunteers and green curtains ala Frauline Maria sound of music.

Listener quote;

“I truly feel refreshed when I turn the station on.”

LIME FM - TO INFINITY AND BEYOND!

We have now entered the high tech and confusing world of social media.

Our dedicated volunteer Marlenny (technical title—content manager) will be responsible for keeping you up to date on events and musing from the station, specials from our sponsors and upcoming events.

Start praying for future premises as we need to move over the next 2—3years
For lives to be refreshed & changed.

LIME FM FEEDS THE HUNGRY!

Our first Lime FM volunteer day was held on the 26th of June and our hard working volunteers were made to get out of bed early on a 2 degree morning to have breakfast. We were just expecting a simple paper plate style breakfast organized Dan Tuminello who we dragged out of chef retirement with the help of his trusty team.

Yet we were blessed and amazed to arrive and find a cooked 3 course breakfast, table service and a lime coloured theme. Thank you to Dan and his team for rewarding our volunteers for their hard work. It was a great time of catching up as many volunteers never get to cross paths.

It was also good to talk about the future of Lime FM and get a sneak preview of our new on-air system. We have many more volunteer days planned so why not get involved? Call the manager today.

We are looking for more announcers in particular.

Our new on air system will streamline and automate our off air programming so we are looking for more voices. If you can read and can communicate then why not consider becoming a volunteer announcer.

Training is provided and what a wonderful way to impact many peoples lives.

PROFILE: A NEW BEGINNING WITH PS. GREG LAURIE

After many years of Chuck Swindoll on at 1pm weekdays, a change was decided. The team at Lime fm hopes you are enjoying the teaching of Ps. Greg Laurie. He is one of the most popular and dynamic speakers today

having started his church many years ago with 30 people at a bible study. He now reaches many nations through his radio and tv broadcasts and his book. He is even endorsed by the US armed forces with his sermons played on Armed Forces radio and streamed onto every US navy ship.

An excerpt from his website. Visit www.harvest.org to read more about this mans life and his life changing encounter with Jesus.

"I came from a broken home, which often resulted in my being carted off to different parts of the country on short notice to live in various faraway places including New Jersey and Hawaii. I got used to the term new kid, and because I was forced into being a loner because of the

many moves we made, I was lonely much of the time; and because I had an artistic streak I retreated into my private world of cartooning. In fact, growing up, it was my dream to one day become a professional cartoonist.

In fact, I had no father. I was born out of wedlock and had a series of different men my Mother married in her quest to find meaning in her life. I was raised in a very adult world that was disillusioning. I quickly tired of the alcoholic haze that seemed to hover over my home life. I saw alcohol as symptomatic of the times and at an early age determined that there must be more to life than what I had seen so far."

His sermons are also available as a podcast from Itunes.
